Washington, D.C. – Let America Work (LAW), the Super PAC supporting Wisconsin Senator Ron Johnson, released its first ad today called “Demanding Truth,” which shows Sen. Johnson blasting the bureaucrats at the Veterans Administration and demanding answers following the explosive VA scandal and cover up.

“Demanding Truth,” which can be seen [here](#), is a digital ad buy that will be seen by voters throughout Wisconsin on digital media.

“Ron Johnson is a leader who is not afraid to tell the truth about the dysfunction that permeates Washington,” said Gail Gitcho, LAW spokeswoman. “Sen. Johnson fights every day to protect people from the incompetence in our federal government. No one has fought harder to protect whistle blowers and to expose the VA’s incompetence and cover up more than Ron Johnson.”

Let America Work’s effort to show Ron Johnson’s unique strength in forcing change in Washington will continue throughout the 2016 election cycle.
